The premier guide to digital marketing that works, and a solid framework for success The Art of Digital Marketing is the comprehensive guide to cracking the digital marketing 'code,' and reaching, engaging, and serving the empowered consumer. Based on the industry's leading certification from the Digital Marketing Institute (DMI), this book presents an innovative methodology for successful digital marketing: start with the customer and work backwards. A campaign is only effective as it is reflective of the consumer's wants, needs, preferences, and inclinations; the DMI framework provides structured, implementable, iterative direction for getting it right every time. The heart of the framework is a three-step process called the 3i Principles: Initiate, Iterate, and Integrate. This simple idea translates into higher engagement, real customer interaction, and multichannel campaigns that extend even into traditional marketing channels. The evolution of digital marketing isn't really about the brands; it's about consumers exercising more control over their choices. This book demonstrates how using this single realization as a starting point helps you build and implement more effective campaigns. Get inside the customer's head with deep consumer research Constantly improve your campaigns based on feedback and interactions Integrate digital activities across channels, including traditional marketing Build campaigns based on customer choice and control Digital marketing turns traditional marketing models on their heads. Instead of telling the customer what
to think, you find out what they already think and go from there. Instead of front-loading resources, you continually adjust your approach based on real interactions with real customers every day. Digital marketing operates within its own paradigm, and The Art of Digital Marketing opens the door for your next campaign.

What you don't know about Facebook could hurt you and what you will learn about Facebook from this book definitely will help you. It's a fun and easy read and a surefire way to seriously increase your income.” -Jay Conrad Levinson, The Father of Guerrilla Marketing, author of the Guerrilla Marketing series of books “Facebook advertising appears simple, but it's trickier than search engine marketing. In this book, Perry Marshall and Tom Meloche teach you secret of "Right Angle Marketing" - selling based on who people are and what they identify with. This is entirely different from Yahoo! or Google. They help you determine how to prioritize Facebook within your particular marketing mix. Then they take you by the hand and lead you through the minefield, showing you the tools, bidding techniques, and sales cycles of Facebook ads. Without their help, the odds are stacked against you. With their help, your chances of success are excellent.” -Alex Mandossian, Heritage House Publishing, author of The Business Podcasting Bible “Perry Marshall has done more to de-mystify Google AdWords for business owners than any person on earth. With this book, he's done the same for Facebook. If you want to cut through the smoke quickly and make money advertising on Facebook, this is the book to read.” - Ken McCarthy, The System Seminar, Tivoli NY “The irony of living in the Information Age is that good info has gotten harder to come by. The lame stuff still manages to clog the pipes, causing chaos and preventing you from discovering the legit specifics that can actually help you in your quest for business success and a bigger bottom line. Perry Marshall has been a first- stop, one-stop resource for the best possible advice on making AdWords work since Google unleashed it on the marketing community...and now, Perry's new tome on Facebook’s astonishing (and yet-to-be-fully-tapped) power to reach gazillions of targeted, eager prospects (most of whom you’d never even know existed, otherwise) is the first and probably the only book you need to be one of those early adopters who score fastest. Perry’s books are always essential. This one is perhaps more so than usual.” -John Carlton, the most respected and ripped-off veteran copywriter on the Web “Perry Marshall is amazing! He reinvented himself from engineer to white paper expert to become the world's leading expert in Google Adwords. Now with his secret weapon, Tom Meloche, he’s reinvented himself again, this time as the guru in Facebook advertising through which, he points out, you can access 600 million customers in 10 minutes.” -Bob Bly, author of over 60 books including Complete Idiot's Guide to Direct Marketing, The Online Copywriter's Handbook and Public Relations Kit for Dummies “Perry Marshall is a terrific writer who makes wonderful use of stories and analogies to illustrate a concept. He does this exceptionally well in the chapter on ad copy writing, ‘The Power of Hidden Psychological Triggers.’ That chapter alone is worth the price of this book. “Many companies have tried Facebook ads and failed for one simple reason: they treated Facebook advertising like search advertising. “Facebook is social advertising. Social advertising is about understanding and reaching the user. Not the user's behavior; but the actual person. This is where the book shines. It walks you through strategies of reaching your target audience based upon the person's social profile so that you aren't just accumulating 'Likes,' but actually gaining new customers. “I'd recommend this book to anyone who is advertising, or wants to advertise, on Facebook. Social advertising is unique from most other types of advertising, and this book will teach you the concepts and how-tos you must understand so that your Facebook ads increase your overall profits.” -Brad Geddes, author of Advanced Google AdWords “One of the things I love about Perry is that he always shoot from the hip. Ultimate Guide to Facebook Advertising is written with no holds barred, which means that all the ‘juicy’ tips that might get left out of other, similar books are all in this book. It's more
than just a tactical ‘how to.’ It goes into the psychological aspects of ad writing specifically suited for Facebook and gives all kinds of practical advice for fan pages. So for anyone who really wants to get serious about Facebook advertising, this book is definitely a must read.” -Shelley Ellis, contextual advertising expert, www.ContentNetworkInsider.com

"Perry Marshall led the pack with Google AdWords back in 2006. He's still leading the pack today with Ultimate Guide to Facebook Advertising. Perry and Tom Meloche combine ‘insider’ knowledge of marketing on Facebook with proven marketing fundamentals for a powerful one-two punch that delivers results. Perry doesn't just theorize about how Facebook marketing works, he does it himself, and he's worked with thousands of others to hone his knowledge of this emerging landscape. If you're thinking of marketing on Facebook, or if you're already doing it, you'd be crazy to not get Ultimate Guide to Facebook Advertising."

"Hundreds of my clients have failed at Facebook before. Many were so seriously slaughtered that I'd written it off as a traffic source for all but the most advanced marketer, so recommending this book is not something I do lightly—yet I DO suggest you order a rush copy. Simply put, it's a game changer. If you've tried Facebook before and failed, I'll bet you didn't have the testing paradigm, targeting insights, bidding strategies, tools, and creative advertising resources outlined in the easy-to-digest, entertaining words here. This goes double for experienced PPC marketers and triple for anyone who's read another Facebook advertising book. Seriously, if this isn't worth a trip to Amazon.com, I don't know what is!" —Glenn Livingston, Ph.D., Marketing Psychologist, market research expert and founder of RocketClicks.com
